Back-yard satellite receptor can pull in signal

By KEN KLEIN
New-Press Staff Writer
MIAMI — Problem 1: You want to watch the Moscow Olympics on television, but you spend only 75 cents and can't understand the NBC broadcast.

Low Noise Amplifier, costs about \$1,800. A receiver, designed for the receiver in a dish system, sells for \$1,200. Costs can be reduced if owners install and wire the system.
Area television parts dealers say satellite equipment components aren't being stocked in Southwest Florida.
