Detective Jim Salsbery shows volumes of material he has collected on the Rachada Pickle case.

Detective still looking for missing girl

By MARILYN MONTGOMERY
Albany Democrat-Herald

Less County sheriff's deputies are waiting for the news to start another search in the area around the Southern Junction this morning for Rachada Lea Pickle.

The girl, who would now be 14, disappeared three years ago. No trace of her has ever been found.

Detective Jim Salsbery has been the lead investigator in what is officially a missing person case since Rachada was reported missing in July 1989. He believes he knows what happened, but he has been unable to prove it.

Salsbery put the material in order partly so that he could find things more easily, and partly in preparation for the aggravated murder trial in June of John Archer, accused killer of Rachada's mother.

Achery had another man, Roger Dale Dick, as a co-defendant in Rachada's killing. Roger Dale Dick, an ex-convict, was one of several people who had police to see Turner out jogging that morning. He had been the last person to see the 10-year-old girl.

Achery's ex-wife, Linda, is Rachada's mother. When Rachada disappeared, the couple was divorced but living together with Rachada and her brother, Hymon Pickle in a house at the state Highway Division maintenance complex at Southern Junction.

Achery worked for the Highway Division and had worked at the complex for many years. He was caught and living in a camp trailer there when Kaye Turner was killed, Salsbery said.

Rachada was last seen about 8 a.m. on Tuesday, July 30, 1989. She was wearing pajamas and a red and white striped shirt.

"John had gone out to take some pictures of some trees," Salsbery said. "When he came back, she was gone."

Linda Achery reported her daughter missing the afternoon of July 30.

Family had requested the additional inspections after the Southern Junction area to ensure household and the public about the safety of his restaurant.

"The safety of our customers is of paramount concern to us," Plummer said in a prepared statement. "We do not intend of anything that has been given our restaurants in the past several days."

The public can be assured that it is a morning.

Lebanon council decides to reject fact finder report

By CATHY MADDOX
Albany Democrat-Herald

LEBANON — The Lebanon City Council voted unanimously Thursday to reject a fact-finder report that union members approved earlier in the week.

Council member Dale Brimmon did not attend the meeting.

City employees have been negotiating since March 1992. Their contract expired in July.

City Administrator Joe Winkler said today, "Some things in the contract made good sense. But we couldn't get past the recommendation to give employees a 4% general pay increase retroactive to July. We have been saying from the beginning, we didn't have the money."

Chief Bridge, the bargaining chairman for Local 504 of the American Federation of State, County, and Municipal Employees, said this morning he is disappointed but that he supports the council's vote.

"The fact finder found that we were right," he said. "The council couldn't see the fact that a neutral third party agreed with us."

With the council's rejection of the fact-finder's report, a 30-day cooling-off period is in effect. The two sides can meet to negotiate if an agreement is reached during that time, the 24 members of the union can strike after giving the city 30 days advance warning.

If the union does nothing, the city can leave the status quo in place or implement its final offer.

Bridge indicated that union members will get together during the next 30 days to decide what to do.

"Strike is always an option," he said. "It is financially irresponsible to grant a pay increase after the police department and other employees accepted a wage freeze. Would you?"

Just that is not enough to reject the contract," he said. "The fact finder recommended that we see contingency funds to pay salaries this year. But that is one-time money. What would we do next year?"

Winkler said that the fact-finder made some good points, and those points will be used to the best in contract negotiations.

The city had proposed a three-year contract with a wage freeze for employees in 1992. Salaries would be negotiated each of the second two years of the contract.

The local union represents accountants, maintenance workers, engineers, the librarian and the senior center has driven. Their annual salaries range from \$13,000 to \$24,000.

School funding

The Oregon House voted Thursday to approve a bill appropriating \$1.14 billion to schools in 1993. The bill is expected to be passed by the Senate, which will approve more money than an earlier bill that was approved by the House in July 1992.

Source	1992	1993	Change from 1992	% change from 1992
State	\$800.00	\$870.00	\$70.00	8.75
Federal	\$100.00	\$100.00	\$0.00	0.00
Local	\$200.00	\$200.00	\$0.00	0.00
Other	\$100.00	\$100.00	\$0.00	0.00
Total	\$1,200.00	\$1,270.00	\$70.00	5.83

Sizzler owner says restaurants are safe

By JOHN SAUER
Albany Democrat-Herald

Customers of the Sizzler Restaurants in the mid-valley have no need to worry about outbreaks of disease caused by E. coli bacteria in Southern Oregon, but wait, according to franchise owner Neil Plummer.

Plummer says franchisees for the Sizzler in Albany, Corvallis, Salem and McMinnville. He had requested additional inspections of his restaurants by the health departments in each county, and all restaurants passed with very high marks.

"Sizzler's restaurants are not associated with the Southern Oregon Sizzlers, two of which were closed last week after the E. coli outbreak. They were closed to prevent any Sizzler from being in touch with Sizzler. In fact, the franchise, as a daily basis since the outbreak."

E. coli 0157:H7 is a bacteria associated with animal waste. If humans eat the bacteria it is properly cooked or prepared foods, it can cause severe abdominal cramping and bloody diarrhea.

The bacteria was blamed for two deaths and hundreds of illnesses among people who ate improperly cooked hamburgers in Washington state

VICA Skill Olympics

The Vocational Industrial Club of America is holding its annual Oregon Skill Olympics today and Saturday.

Most events will be held at Lane Senior Community College.

Most vocational competitors will be held from 8 a.m. to 12:30 p.m. Saturday.

The following are the annual prizes: \$1,000 for the overall winner, \$500 for the runner-up, and \$250 for the third-place winner.

For more information, call Kathleen Lutz at 333-1111.
